Avian Boarding Form

Your Name: _____ Pet's Name: _____

To protect the health of your bird and other birds in our facility, certain requirements must be met in order to board your bird with us.

The following tests must be performed--and the results must be available--prior to the boarding date.

These are tests that only need to be performed one time. We can not board any birds without these tests.

PBFD Psitticosis

The following procedures must be done in order for us to board your bird. If your pet is not current on any of the following, we will need to perform them while your pet is here.

Yearly Exam Fecal Gram Stain Complete Avian (CBC and Chemistry)

Describe your pet's diet:

Do you feed your bird pellets? Yes No If yes, what brand? _____

Do you feed your bird seeds/nuts? Yes No

Do you feed your bird greens/fruit? Yes No

Please be specific on type, brand, how much, and how often your pet is fed: _____

_____ I have provided my own food

All foods that are brought in should be divided into single portion sizes, placed in separate baggies/containers, and labeled for the meal and day that the portion should be given. This ensures that the correct portion size is given to your pet. Please supply a small amount of extra food in case of extended boarding times or the food needs to be replaced with fresh food.

_____ My pet can be fed the hospital diet

We carry a limited supply of greens, fruits, seeds, and nuts. If your pet has specific diet needs, you will need to supply him/her with those foods.

Do you bathe/mist your bird? If yes, how often? _____

Do you cover your bird's cage at night?

_____ Yes _____ No

_____ Fully _____ Partially
